

Today's meeting with nikita (4/24/2023 @ 4:30-4:45)

Team members in attendance: Peter, Joseph, TJ, Kailash

In the meeting with nikita there was a demo of the project and everything that was completed.

During the demo the tasks that were completed and the tasks that will be completed were discussed. After the demo we talked about:

- Team 04 needs an additional meeting, this meeting will be on wednesday 4/26 @ 2-2:15
- For this meeting we need to make sure that everything is merged into the main branch in order to show all features
- The team, if possible, should work on the project during her office hours.
- Our next steps shouldn't focus on style as we should save that for last
- Our next steps should focus on functionality, and we should have all features functional by wednesday's meeting time
- Discussed presentation of project and collectively assigned a time to present project.
